PROSPECTUS SUMMARY

The following summary highlights selected information contained or incorporated by reference in this prospectus. This summary does not contain all of the information you should consider before investing in the securities. Before making an investment decision, you should read the entire prospectus and any supplement hereto carefully, including the risk factors section as well as the financial statements and the notes to the financial statements incorporated herein by reference.

In this prospectus and any amendment or supplement hereto, unless otherwise indicated, the terms “MYOS,” the “Company,” “we,” “us,” and “our” refer and relate to MYOS RENS Technology Inc. and its consolidated subsidiaries.

Overview

We are an emerging company focused on the discovery, development and commercialization of advanced nutrition products that improve muscle health and performance. As used in this prospectus, the “Company”, “MYOS”, “our”, or “we” refers to MYOS RENS Technology Inc. and its wholly-owned subsidiary, unless the context indicates otherwise.

We were incorporated under the laws of the State of Nevada on April 11, 2007. On March 17, 2016, we merged with our wholly-owned subsidiary and changed our name from MYOS Corporation to MYOS RENS Technology Inc. Prior to February 2011, we did not have any operations and did not generate revenues. In February 2011, we entered into an intellectual property purchase agreement pursuant to which our subsidiary purchased from Peak Wellness, Inc. certain trademarks, trade secrets, patent applications and certain domain names as well as the intellectual property pertaining to Fortetropin®, a proprietary bioactive composition derived from fertilized egg yolk that has been shown in clinical trials to increase lean muscle mass, size and strength.

Since February 2011, our principal business activities have been focused on the discovery, development and commercialization of advanced nutrition products, functional foods, and other technologies aimed at maintaining or improving the health and performance of muscle tissue. Our initial core ingredient is Fortetropin®, a natural and proprietary bioactive composition derived from fertilized egg yolk that has been shown in clinical trials to increase lean muscle mass, size and strength. Our plan of action is to: (i) create a sales platform through marketing products containing our proprietary ingredient Fortetropin® in established, growing, and new markets and strategic selection of partnerships and collaborations to maximize near-term and future revenues, (ii) deepen our scientific understanding of the activity of Fortetropin® as a natural product to improve muscle health and performance, and to leverage this knowledge to strengthen and build our intellectual property estate, (iii) conduct research and development activities to evaluate the impact of Fortetropin® on muscle health and wellness in humans as well as domestic pets, (iv) identify other products and technologies which may broaden our portfolio and define a business development strategy to protect, enhance and accelerate the growth of our products, (v) reduce the cost of manufacturing through process improvement, (vi) identify contract manufacturing organizations that can fully meet our future growth requirements and (vii) develop a differentiated and advantaged consumer positioning, brand name and iconography.

We continue to pursue additional distribution and branded sales opportunities. We expect to continue developing our own core branded products in markets such as functional foods, sports and fitness nutrition, rehabilitation and restorative health, and domestic pets, and to pursue international sales opportunities. There can be no assurance that we will be able to secure distribution arrangements on terms acceptable to us, or that we will be able to generate significant sales of our current and future branded products.

See “Where You Can Find More Information” for an explanation of how to get a copy of this report. Additional risks related to our securities may also be described in a prospectus supplement.

SELLING SHAREHOLDERS

On March 27, 2019, we issued 1,438,356 shares of common stock in a private offering to certain investors listed as selling shareholders in this prospectus. We are registering the securities offered by this prospectus on behalf of the selling shareholders.

The selling shareholders may from time to time offer and sell pursuant to this prospectus any or all of the shares of common stock listed below that have been issued to them.

The table below sets forth certain information as of May 31, 2019 regarding the selling shareholders and the shares offered by them in this prospectus. In computing the number of shares owned by a person and the percentage ownership of that person in the table below, securities that are currently convertible or exercisable into shares of our common stock that are being offered in this prospectus are deemed outstanding. Such shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. The percentage of ownership of each selling shareholder in the table below is based upon 9,170,658 shares of common stock outstanding as of May 31, 2019.

No selling shareholder has held a position as an officer or director of the Company, nor has any material relationship of any kind with us or any of our affiliates, except that Joseph Mannello is our Chief Executive Officer and is a member of our board of directors and Christopher Pechock is a member of our board of directors. None of the selling shareholders have any family relationships with our officers, directors or controlling shareholders. Furthermore, none of the selling shareholders is a registered broker-dealer or an affiliate of a registered broker-dealer.

All information with respect to share ownership has been furnished by the selling shareholders. To our knowledge, each person named in the table below has sole voting and investment power with respect to the common stock set forth opposite such person's name. We will file a supplement to this prospectus (or a post-effective amendment hereto, if necessary) to name successors to any named selling shareholder who is able to use this prospectus to resell the securities registered hereby.

PLAN OF DISTRIBUTION

The common stock held by the selling shareholders may be sold or distributed from time to time by the selling shareholders directly to one or more purchasers or through brokers, dealers, or underwriters who may act solely as agents at market prices prevailing at the time of sale, at prices related to the prevailing market prices, at negotiated prices, or at fixed prices, which may be changed on any stock exchange, market or trading facility on which the shares are traded or in private transactions. The sale of the selling shareholders' common stock offered by this prospectus may be effected in one or more of the following methods:

- underwritten offerings;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- transactions involving cross or block trades;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- in privately negotiated transactions;
- short sales after the registration statement, of which this prospectus forms a part, becomes effective;
- broker-dealers may agree with the selling shareholders to sell a specified number of such shares at a stipulated price per share;
- "at the market" into an existing market for the common stock;
- through the writing of options on the shares;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

In order to comply with the securities laws of certain states, if applicable, the shares of each of the selling shareholders may be sold only through registered or licensed brokers or dealers. In addition, in certain states, such shares may not be sold unless they have been registered or qualified for sale in the state or an exemption from the registration or qualification requirement is available and complied with.

The selling shareholders may also sell shares of common stock under Rule 144 promulgated under the Securities Act, if available, rather than under this prospectus. In addition, the selling shareholders may transfer the shares of common stock by other means not described in this prospectus.

The selling shareholders may also sell the shares directly to market makers acting as principals and/or broker-dealers acting as agents for themselves or their customers. Such broker-dealers may receive compensation in the form of discounts, concessions or commissions from the selling shareholders and/or the purchasers of shares for whom such broker-dealers may act as agents or to whom they sell as principal or both, which compensation as to a particular broker-dealer might be in excess of customary commissions. Market makers and block purchasers purchasing the shares will do so for their own account and at their own risk. It is possible that a selling shareholder will attempt to sell shares of common stock in block transactions to market makers or other purchasers at a price per share which may be below the then market price. The selling shareholders cannot assure that all or any of the shares offered in this prospectus will be issued to, or sold by, such selling shareholder.

To the extent required in connection with a transaction, we will set forth in a supplement to this prospectus filed with the SEC the number of shares to be sold, the purchase price and public offering price, any new selling stockholders, the name or names of any agent, dealer or underwriter, and any applicable commissions or discounts with respect to a particular offering.

We may suspend the sale of shares by the selling shareholders pursuant to this prospectus for certain periods of time for certain reasons, including if the prospectus is required to be supplemented or amended to include additional material information.

If any of the selling shareholders use this prospectus for any sale of the shares of common stock, such selling shareholder will be subject to the prospectus delivery requirements of the Securities Act.

We have advised the selling shareholders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling shareholders and their affiliates. In addition, to the extent applicable we will make copies of this prospectus (as it may be supplemented or amended from time to time) available to the selling shareholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling shareholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.

We are a Nevada corporation and our affairs are governed by our Articles of Incorporation and our Amended and Restated Bylaws. The following summary of the terms and provisions of our securities does not purport to be complete and is qualified in its entirety by reference to our Articles of Incorporation and our Amended and Restated Bylaws.

Common Stock

As of May 31, 2019, there were 9,170,658 shares of common stock issued and outstanding and 335 holders of record of our common stock.

Voting. Holders of common stock are entitled to one vote for each share held on all matters submitted to a vote of the stockholders, and do not have cumulative voting rights.

Dividends. Subject to preferences that may be applicable to any then outstanding preferred stock, and further subject to any contractual limitations on the declaration, setting aside or payment of dividends, holders of common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by our board of directors out of funds legally available for dividend payments.

Liquidation. In the event of any liquidation, dissolution or winding up of our affairs, holders of common stock will be entitled to share ratably in our assets that are remaining after payment or provision for payment of all of our debts and other liabilities and the satisfaction of any liquidation preferences that may be granted to the holders of any then outstanding shares of preferred stock.

Rights and Preferences. The common stock has no preemptive, conversion or other subscription rights, and there are no redemption or sinking fund provisions applicable to the common stock. The rights, preferences and privileges of the holders of common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock, which we may designate and issue in the future.

Our board is divided into three classes, each of which will generally serve for a term of three years with only one class of directors being elected in each year. The common stock has no cumulative voting rights, including with respect to the election of directors.

Each outstanding share of common stock includes one Series A preferred stock purchase right, as described below.

Our common stock is admitted for trading on the Nasdaq Capital Market under the symbol “MYOS.”

Series A Preferred Stock Purchase Rights

Effective February 14, 2017, our board declared a dividend of one right (“Right”) for each of our issued and outstanding shares of common stock. The dividend was paid to the stockholders of record at the close of business on February 24, 2017. Each Right entitles the registered holder, subject to certain terms and conditions, to purchase from us one one-thousandth of a share of our Series A Preferred Stock at a price of \$7.00), subject to certain adjustments. The description and terms of the Rights are set forth in the Rights Agreement dated as of February 14, 2017 between us and Island Stock Transfer, as Rights Agent.

The Rights will not be exercisable until the earlier to occur of (i) the close of business on the tenth business day after a public announcement or filing that a person has, or group of affiliated or associated persons or persons acting in concert have, become an “Acquiring Person,” which is defined as a person or group of affiliated or associated persons or persons acting in concert who, at any time after the date of the Rights Agreement, have acquired, or obtained the right to acquire, beneficial ownership of 10% or more of our outstanding shares of common stock, subject to certain exceptions or (ii) the close of business on the tenth business day after the commencement of, or announcement of an intention to commence, a tender offer or exchange offer the consummation of which would result in any person becoming an Acquiring Person (the earlier of such dates being called the “Distribution Date”). Certain synthetic interests in securities created by derivative positions, whether or not such interests are considered to be ownership of the underlying common stock or are reportable for purposes of Regulation 13D of the Exchange Act are treated as beneficial ownership of the number of shares of common stock equivalent to the economic exposure created by the derivative position, to the extent actual shares of the common stock are directly or indirectly held by counterparties to the derivatives contracts.

With respect to certificates representing shares of common stock outstanding as of the record date, until the Distribution Date, the Rights will be evidenced by such certificates for shares of common stock registered in the names of the holders thereof, and not by separate Rights Certificates, as described further below. With respect to book entry shares of common stock outstanding as of the record date, until the Distribution Date, the Rights will be evidenced by the balances indicated in the book entry account system of the transfer agent for the common stock. Until the earlier of the Distribution Date and the Expiration Date, as described below, the transfer of any shares of common stock outstanding on the record date will also constitute the transfer of the Rights associated with such shares of common stock. As soon as practicable after the Distribution Date, separate certificates evidencing the Rights (“Right Certificates”) will be mailed to holders of record of the common stock as of the close of business on the Distribution Date, and such Right Certificates alone will evidence the Rights.

The Rights, which are not exercisable until the Distribution Date, will expire prior to the earliest of (i) February 14, 2020; (ii) the time at which the Rights are redeemed pursuant to the Rights Agreement; (iii) the time at which the Rights are exchanged pursuant to the Rights Agreement; (iv) the time at which the Rights are terminated upon the closing of any merger or other acquisition transaction involving us pursuant to a merger or other acquisition agreement that has been approved by our board of directors prior to any person becoming an Acquiring Person (the earliest of (i), (ii), (iii) and (iv) is referred to as the “Expiration Date”).

Each share of Preferred Stock will be entitled, when, as and if declared, to a preferential per share quarterly dividend payment equal to the greater of (i) \$1.00 per share or (ii) an amount equal to 1,000 times the dividend declared per share of common stock. Each share of Preferred Stock will entitle the holder thereof to 1,000 votes on all matters submitted to a vote of our stockholders. In the event of any merger, consolidation or other transaction in which shares of common stock are converted or exchanged, each share of Preferred Stock will be entitled to receive 1,000 times the amount received per one share of common stock.

The exercise price payable, and the number of shares of Preferred Stock or other securities or property issuable, upon exercise of the Rights are subject to adjustment from time to time to prevent dilution (i) in the event of a stock dividend on, or a subdivision, combination or reclassification of the Preferred Stock, (ii) upon the grant to holders of the Preferred Stock of certain rights or warrants to subscribe for or purchase Preferred Stock or convertible securities at less than the then-current market price of the Preferred Stock or (iii) upon the distribution to holders of the Preferred Stock of evidences of indebtedness or assets (excluding regular periodic cash dividends or dividends payable in Preferred Stock) or of subscription rights or warrants (other than those referred to above). The number of outstanding Rights and the number of one one-thousandths of a Preferred Stock issuable upon exercise of each Right are also subject to adjustment in the event of a stock split, reverse stock split, stock dividends and other similar transactions.

In the event that, after a person or a group of affiliated or associated persons has become an Acquiring Person, we are acquired in a merger or other business combination transaction, or 50% or more of our assets or earning power are sold, proper provision will be made so that each holder of a Right will thereafter have the right to receive, upon the exercise thereof at the then-current exercise price of the Right, that number of shares of common stock of the acquiring company having a market value at the time of that transaction equal to two times the exercise price.

With certain exceptions, no adjustment in the exercise price will be required unless such adjustment would require an increase or decrease of at least one percent in the exercise price. No fractional shares of Preferred Stock will be issued (other than fractions which are integral multiples of one one-thousandth of a share of Preferred Stock, which may, at our election, be evidenced by depositary receipts) and, in lieu thereof, an adjustment in cash will be made based on the market price of the Preferred Stock on the trading day immediately prior to the date of exercise.

At any time after any person or group of affiliated or associated persons becomes an Acquiring Person and prior to the acquisition of beneficial ownership by such Acquiring Person of 50% or more of the outstanding shares of common stock, our board of directors, at its option, may exchange each Right (other than Rights owned by such person or group of affiliated or associated persons which will have become void), in whole or in part, at an exchange ratio of two shares of common stock per outstanding Right (subject to adjustment).

At any time before any person or group of affiliated or associated persons becomes an Acquiring Person, our board of directors may redeem the Rights in whole, but not in part, at a price of \$0.001 per Right (subject to certain adjustments) (the "Redemption Price"). The redemption of the Rights may be made effective at such time, on such basis and with such conditions as our board of directors in its sole discretion may establish.

Immediately upon the action of our board of directors electing to redeem or exchange the Rights, we shall make an announcement thereof, and upon such election, the right to exercise the Rights will terminate and the only right of the holders of Rights will be to receive the Redemption Price.

Until a Right is exercised or exchanged, the holder thereof, as such, will have no rights as our stockholder, including, without limitation, the right to vote or to receive dividends.

Our board of directors may amend or supplement the Rights Agreement without the approval of any holders of Rights, including, without limitation, in order to (a) cure any ambiguity, (b) correct inconsistent provisions, (c) alter time period provisions or (d) make additional changes to the Rights Agreement that our board of directors deems necessary or desirable. However, from and after any person or group of affiliated or associated persons becomes an Acquiring Person, the Rights Agreement may not be supplemented or amended in any manner that would adversely affect the interests of the holders of Rights.
