REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
Marvin's Place, Inc.
Chino Hills, CA

We have reviewed the accompanying balance sheet of Marvin's Place, Inc. (A development Stage Company) as of September 30, 2007, and the related statements of operations, stockholders' equity, and cash flows for the three-month period ended September 30, 2007. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's lack of revenue and significant losses as of September 30, 2007 raises substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Marvin's Place, Inc.
(A development Stage Company)
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2007

Note 1 – Nature of Organization

a. Organization & Business Activities

The Company was incorporated under the laws of the State of Nevada on April 11, 2007 to provide mailing & shipping services. The Company has not realized significant revenues to date and therefore is classified as a development stage company.

b. Depreciation

The cost of property and equipment will be depreciated over the estimated useful life of 4 to 7 years. Depreciated is computed using the straight-line method when assets are placed in service.

c. Accounting Method

The Company's financial statements are prepared using the accrual method of accounting. The Company has elected December 31st. year-end.

d. Cash & Cash Equivalents

For the purpose of the statements of cash flows, the Company considers all highly liquid investments purchased with a maturity of three months or less to be a cash equivalent.

e. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues & expenses during the reporting period.

f. Revenue Recognition

The Company recognizes revenue when products are fully delivered or services have been provided, and collection is reasonably assured.

g. Organization Costs

The Company has expensed the costs of its incorporation.

h. Advertising

The Company follows the policy of charging the costs of advertising to expense as incurred.

i. Concentrations of Risk

The Company's bank accounts are deposited in insured institutions. The funds are insured up to \$100,000. At September 30, 2007, the Company's bank deposits did not exceed the insured amounts.

j. Basic Loss Per Share

The computation of the basic loss per share of common stock is based on the weighted average number of shares outstanding during the period.

	From inception on April 11, 2007 Through September 30, 2007
Loss (Numerator)	\$
3,023	
Shares (Denominator)	 2,000,000
Per share amount	\$
00.00	

k. Income Taxes

Deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carryforwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets, and liabilities, and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of the management, it is more likely than not that some portion, or all of the deferred tax assets will be realized. Deferred tax assets, and liabilities are adjusted for the effects of changes in tax laws and rates.

Net deferred tax assets consist of the following components as of September 30, 2007:

	&nb sp.
Deferred tax assets	
NOL Carryover	\$473.00
Deferred tax liabilities	-0-
Valuation allowance	(473.00)
Net deferred tax assets	-0-

2007

The income tax provision differs from the amount of income tax determined by applying the U.S. federal, and state income tax rates of 15% to pretax income from continuing operations for the period ended September 30, 2007.

At September 30, 2007, the Company had net operating loss carryforwards of approximately \$3,023.00. That may be offset against future taxable income through 2027. No tax benefit has been reported in the September 30, 2007 financial statements since the potential tax benefit is offset by a valuation allowance of the same amount.

Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating carryforwards for Federal Income tax reporting purposes are subject to annual limitations. Should a change in ownership occur, net operating loss carryforwards may be limited as to use in future years.

Note 2 – Going Concern

The Company's financial statements are prepared using generally accepted accounting principles applicable to a going concern which contemplates the realization of assets, and liquidation of liabilities in the normal course of business. The Company has had no income, and generated significant losses from operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Note 3 – Stock Offering

The Company plans an initial public offering in the near future.

Note 4 – New Accounting Pronouncements

During the period ending September 30, 2007, the Company adopted the following accounting pronouncements which had no impact on the financial statements or results of operations:

SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities & Equity.

SFAS No. 151, Inventory Costs

SFAS No. 152, Accounting for Real Estate

SFAS No. 153, Exchange of Non-monetary Assets

SFAS No. 154, Accounting Changes and Error Correction

SFAS No. 123(R), Share Based Payments

In addition, during the period ending September 30, 2007, FASB Interpretations No. 45 and No. 46, along with various Emerging Issues Task Force Consensuses (EITF) were issued, and adopted by the Company, and had no impact on its financial statements. These newly issued accounting pronouncements had no effect on the Company's current financial statements, and did not impact the Company.

Item 2. Management's Discussion and Plan of Operation.

This section must be read in conjunction with the unaudited Financial Statements included in this report.

A. Management's Discussion

Marvin's Place, Inc. ("Meltdown" or the "Company"), incorporated in the State of Nevada on April 4, 2007, is a development stage company with the principal business objective of becoming a premier franchisor of retail shipping, postal, courier and business service centers by providing a wide range of convenient, value-added business services to consumers, mobile and traveling professionals and the small office/home office market.

The Company was founded based on the need of individuals and companies to have dependable, consistent and professional business service centers where they can obtain a wide variety of benefits such as packaging, shipping, copy and print assistance, mailbox locations, email retrieval, delivery and messenger couriers and convenient office supplies. It is our goal to become the most dependable, consistent and professional business service center available to the public. We will recognize that each customer we will serve has different needs, requirements and concerns pertinent to their business. Our primary customer service goal is to tailor specific solutions to suit each particular customer's needs and concerns.

We are a small, start-up company that has not generated any revenues and lacks a stable customer base. Since our inception to the present, we have not generated any significant revenues and have incurred a cumulative net loss as indicated in our financial statements. We believe that the funds expected to be received from the maximum sale of our common equity will be sufficient to finance our efforts to become fully operational and carry us through the next twelve (12) months, of which there can be no guarantee. We believe that the recurring revenues from sales of services will be sufficient to support ongoing operations. Unfortunately, there can be no assurance that the actual expenses incurred will not materially exceed our estimates or that cash flows from sales of services will be adequate to maintain our business. As a result, our independent auditors have expressed substantial doubt about our ability to continue as a going concern. If we do not produce sufficient cash flow to support our operations over the next 12 months, we may need to raise additional capital by issuing capital stock in exchange for cash in order to continue as a going concern. There are no formal or informal agreements to attain such financing. We cannot assure you that any financing can be obtained or, if obtained, that it will be on reasonable terms. Without realization of additional capital, it would be unlikely for us to stay in business.

In the initial approximately five month operating period from April 4, 2007 (inception) to September 30, 2007, the Company generated \$1 in revenues while incurring \$3,024 in general and administrative expenses. This resulted in a cumulative net loss of \$3,023 for the period then ended from inception, which is equivalent to \$(0.00) per share.

During the three months ended September 30, 2007, the Company generated \$1 in revenues while incurring \$24 in general and administrative expenses. This resulted in a net loss for the quarter ended September 30, 2007 of \$23. The net loss for both periods is attributable primarily to the continuing costs of start-up operations.

Liquidity and Capital Resources

As of September 30, 2007, the Company had \$1,977 in working capital. The Company's current assets as of September 30, 2007 consisted of \$1,977 in cash.

B. Plan of Operation

Marvin's Place, Inc. was incorporated on April 4, 2007. As of the date of this document, we have generated minimal revenues and substantial expenses. This resulted in a net loss of since inception, which is attributable to general and administrative expenses.

Since incorporation, we have financed our operations through minimal initial capitalization and nominal business activity.

To date we have not implemented fully planned principal operations. Our ability to commence operations is entirely dependent upon the proceeds to be raised in this offering. If we do not raise at least the minimum offering amount, we will be unable to establish a base of operations, without which it will be unable to begin to generate any revenues. The realization of sales revenues in the next 12 months is important in the execution of the plan of operations.

However, we cannot guarantee that it will generate such growth. If we do not produce sufficient cash flow to support our operations over the next 12 months, we may need to raise additional capital by issuing capital stock in exchange for cash in order to continue as a going concern. There are no formal or informal agreements to attain such financing. We cannot assure any investor that, if needed, sufficient financing can be obtained or, if obtained, that it will be on reasonable terms. Without realization of additional capital, it would be unlikely for operations to continue.

Marvin's Place, Inc.'s management does not expect to conduct any research and development.

Marvin's Place, Inc. currently does not own any significant plant or equipment that it would seek to purchase or sell in the near future.

Our management does not anticipate any significant changes in the number of employees in the next 12 months. Currently, we believe the services provided by our sole officer and director appears sufficient at this time.

We have not paid for expenses on behalf of any director. Additionally, we believe that this practice will not materially change.

We have no current plans to seek a business combination with another entity.

Item 3. Controls and Procedures

Based on their most recent review, which was completed within ninety days of the filing of this report, Meltdown's Officers have concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed by Meltdown in the reports it files or submits under the Securities Exchange Act of 1934, as amended, is accumulated and communicated to Meltdown's management, including its Officers, as appropriate to allow timely decisions regarding required disclosure and are effective to ensure that such information is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. There were no significant changes in Meltdown's internal controls or in other factors that could significantly affect those controls subsequent to the date of their evaluation.
